

More Man-Power Behind The Job is wanted in every factory, in every store, in every office. Man-power comes from nourishing food that is rich in muscle-making material. **Shredded Wheat Biscuit** contains all the body-build material in the whole wheat grain in a digestible form. A man's food for a man's job. Serve with milk or cream or with sliced peaches or other fruits.

Made at Niagara Falls, N. Y.

FIRST ARRESTS IN THE POLICE LED CAMPAIGN

The lid went on in Phoenix yesterday. And there were arrests last night with promise of more and more tomorrow night, and so on until this city is no longer tenable for members of the underworld. It is likely that the nature of the arrests will be confined to the houses of prostitution and houses where gambling is permitted.

The announcement in The Republic yesterday morning that Chief of Police George O. Brinkley with the hearty approval and cooperation of City Manager Robert A. Craig would close up all houses of questionable character as far as possible, caused a small exodus from town, but for the most part the announcement was not taken seriously. The result was that three houses were raided last evening with a total loss of eight victims.

The first place visited by the police last night was The Den rooming house at First and Washington streets. This was selected as being the most centrally located. There the proprietress, Elizabeth Regan, was taken in custody and with her "Bobbie" Nyberg, Gale Comstock and Pauline. The four women furnished bail, Mrs. Regan in the sum of fifty dollars, and the other inmates in the sum of fifteen dollars each. This bail was for their appearance in police court this afternoon.

Next came a visit to the Planters' hotel on North Second avenue, where Jane Barrett, May Brown and Mark Sparks were taken in custody. Miss Barrett deposited fifty dollars and the two others left fifteen each.

At the Burbank on South Second avenue Laura Grover furnished the single victim. She was assessed a bail of fifty dollars. Women known to have rooms in the Burbank were strangely missing.

Another house was visited, but all was dark and neighbors said that the inmates, four or five in number, had left early in the day.

Chief of Police Brinkley said yesterday that arrests would be made right along now until he was assured that the undesirable element had either left town or had discontinued their objectionable practices. The bail money was not to be considered in the nature of an assessment which would insure those paying it from further molestation for a time. He said that if the ones arrested last night were found to be violating the law today they would be rearrested immediately.

The chief also wanted it to be understood that the campaign for the stamping down of the lid was not directed solely against houses of prostitution and their inmates, but that the gambling houses, pool houses where questionable games were being conducted were slated for visits from the raiding squad.

All of yesterday and late last night little groups of men were to be seen standing about places where it had been suspected that gambling had been going on. They expressed the opinion that the work of the police would not extend to their establishments and that some of the more courageous suggested that the games go on. So far as known, however, most of the games that were wide spread the night before were closed down tight last night.

KLIPPER CASE FIRST AGAINST BLACKMAILERS

[Republican A. P. Leased Wire] WASHINGTON, Sept. 20.—Federal agents who have been at work in Chicago, New York, Philadelphia and Washington, investigating the so-called blackmailing syndicate, virtually agreed in a conference at the department of justice tonight, to concentrate the prosecution at this time against those charged specifically with blackmailing Mrs. Regina S. Klipper of Philadelphia. The case probably will be pressed to trial within a month in the federal court in New York City. The defendants in the case probably will be removed to New York at once for trial.

Mr. Bielaski of the department of justice said that William Butler of Philadelphia; Edward Donahue, held at Chicago; George Irwin, arrested in Boston; and Frank Crocker in New York would be tried in the near future. He was not ready to say that other arrests would be made immediately, but declared there might be more later on.

The federal investigators were in conference for three hours and will meet again tomorrow.

SHAHAN RE-ELECTED
[Republican A. P. Leased Wire] WASHINGTON, Sept. 20.—Bishop Thomas J. Shahan, rector of the Catholic university, was re-elected president of the National Conference of Catholic Charities here today at the closing session of the bi-annual meeting of the conference. Cardinal Gibbons was re-elected honorary president.

SONS SIDE OF NEW YORK NEXT NOVEMBER

[Republican A. P. Leased Wire] LONG BRANCH, N. J., Sept. 20.—Victory for the democratic ticket in New York state in the November elections was predicted by President Wilson tonight following the receipts of returns from the primary yesterday. The president indicated his belief that progressive voters in New York will support the democrats.

Mr. Wilson sent telegrams of congratulation to William F. McCombs, and to Judge Samuel Seabury, the nominee for governor. The message to Mr. McCombs follows:

"I congratulate you most warmly on your nomination by the democrats of New York for the United States senate. A united body of progressive voters will be behind you."

The president spent virtually the entire day preparing for his campaign and attending to official business. After a conference between the president and Vance McCormick, executive officer of the campaign, McCormick was expected to make a pilgrimage to Shadow Lawn. Officials said he expected to reiterate his belief that society has sanctioned the eight-hour day, and to point to his program of legislation recommended to congress with the possible method of avoiding railroad strikes in the future.

President Wilson also plans to attack the republicans for delaying action in the campaign. It was said by officials. This attack will be based on the reference of republican speakers to the number of committee chairmanships held by congressmen and southern senators and representatives.

The president played a round of golf with Mrs. Wilson late today at Spring Lake, N. J. On his way to and from the club he was recognized by a number of vacationists who waved to him as he passed in his automobile.

DANGER OF PARATYPHOID WIPED OUT ON BORDER

(Continued from Page One)

and six hours to pass a point.

Election Changed
MEXICO CITY, Sept. 20.—A decree by General Carranza was published yesterday, changing the date for the election of a new congress from October 15 to October 22. The assembly will convene at Queretaro on November 20, and the first formal session will be held December 1.

Among other changes in the election law made by the decree is one making the proportional representation for districts and states based on each 70,000 of the population, according to the 1910 census. The ballot will not be secret.

Divisions Hiking
HUNTER, Texas, Sept. 20.—Twelve provisional divisions, under command of Brigadier General Green, resumed their hike toward Austin today, for the first time forming a single column. The division expects tonight to camp at a point on the Blanco river, 53.5 miles north of San Antonio.

Word was received today that the 174 men who dropped out and returned to Camp Wilson at San Antonio had started northward in motor trucks. They will rejoin the division tonight and will march the rest of the way to Austin.

Villa Released
EL PASO, Sept. 20.—Hipolito Villa, brother of Francisco Villa and his financial agent in the days when Juarez was a wide-open town, was released from federal custody this evening and set at liberty. His arrest while hiding in an outlying village several weeks ago was based on an old state indictment charging him with plotting to dynamite the train that bore Carrancista soldiers through American territory to Agua Prieta, where they decisively defeated Villa. The case was dropped a few days ago and Villa was then held by the immigration board on deportation charges. Lack of evidence was assigned as the cause for the release.

DOUGLAS, Sept. 20.—Two battalions of the Fourteenth infantry, Colonel R. H. Wilson commanding, left Douglas tonight for Yuma, where the regiment was ordered by General Frederick Funston. The train carried all baggage. The train of 35 cars of all classes was handled in two sections. The departure of the Fourteenth was delayed by the absence of a battalion under command of Major E. B. Stokes, making a test run in fourteen motor trucks from Douglas to the Roosevelt dam and return. The order to return reached the troops at Florence and they proceeded here immediately.

As far as the experiment was carried, motor trucks for transportations of troops for long distances, proved quite successful.

EL PASO, Sept. 20.—The body of Major Christopher N. Anderson, of the Eighteenth Pennsylvania infantry, who died at the Fort Bliss hospital today after a short illness, was escorted this evening by his regiment to the station, where it was put on the train for his home city, Pittsburgh. Major Anderson was 35 years of age and in civil life an attorney.

A fall from his horse yesterday, due to weakness, was the first indication of the seriousness of the attack of diabetes, from which death resulted.

GUARDS CHARGE NEGROES
[Republican A. P. Leased Wire] SACRAMENTO, Cal., Sept. 20.—Ill feeling existing between national guardsmen in the Fifth California regiment and part of the negro population here resulted in a riot tonight when 100 guardsmen charged a score of negroes who had congregated in the lower part of town. Before the police and a special provost guard had succeeded in dispersing the soldiers, half a dozen negroes had been badly beaten and a saloon nearby wrecked.

GREENS DO NOT WISH TO SURRENDER TO THE BULGARS

[Republican A. P. Leased Wire] ATHENS, Sept. 19 (via London, Sept. 20).—The Associated Press has been furnished with the official text of the dispatches exchanged between the commander of the Greek army corps at Kavala, General Hadjopoulos, and the minister of war through the admiral of the Aegean, Admiral Vassilios, according to the Greeks, that the Greek government made every effort to extricate the Greek army from the Aegean coast. On September 11 General Hadjopoulos telegraphed:

"The fourth Greek army corps at Kavala wishes to surrender to the British. The Bulgarians have threatened to bombard the city tomorrow."

The British admiral then sent the following:

"Do you wish me to permit the Greek troops to embark on Greek ships?"

In response General Callaris, the minister of war, sent this message:

"To the fourth army corps at Kavala: Transport yourselves immediately with all your forces and, if possible, all supplies to Volo, arranging therefor with the British admiral. Embark preferably on Greek ships, but if there are none, on the ships of any other nationality. The civil authorities and police must remain at Kavala."

The Greeks are using these telegrams as a basis for the contention that General Hadjopoulos did not wish to surrender to the Bulgarians and therefore that he and all his forces are now being kept as prisoners. The Greek forces in the easternmost part of Macedonia, cut off by the Bulgarian occupation of Kavala, are reported to have been transported to Philippopolis, where they also are prisoners.

IS CERTAIN THE CALDER LEAD OVER BACON FOR VICTORS IN WAR

[Republican A. P. Leased Wire] LONDON, Sept. 20.—"I wish I could pick one of my horses as a winner with the certainty of victory for the favorite," said Lord Derby, the British under secretary of war, on receiving the American correspondents today on his return from a visit to France, where, in company with General Sir Douglas Haig, and General Joffre, he saw the trials of the "tanks" before they were sent into battle against the Germans. Lord Derby continued:

"We now have a European army with better guns, better rifles, and better ammunition than any other country in the world today. But I do not agree with the people who expect the war to end within six months, as it must surely continue over the winter."

"We are fighting the best organized nation in the world and it would be a reflection on our own troops not to admit that the Germans are showing extraordinary bravery. Two years ago the chance was given to win. The Germans are exceedingly strong in engines of destruction, but we at least are even in this respect now, and I cannot help feeling that our men individually are better. Soon we will have a distinct margin of superiority."

"We are able to continue to increase the arms, munitions and food of our troops and we will get more of needed, but no concrete proposal has been made yet to increase the age limit."

AMERICA GIVING MILLIONS TO WAR

[Republican A. P. Leased Wire] WASHINGTON, Sept. 20.—American gifts to the sixty principal war relief societies are estimated at \$28,896,273.35 by the new year book of the Carnegie Endowment for International Peace, being distributed today.

Seven million dollars of this amount went into the \$30,000,000 raised from all sources for the commission for relief in Belgium. In addition, the Belgian relief fund raised \$2,085,000, other societies added \$134,000, making a grand total for Belgium of \$10,250,000, or over one-third of America's total contributions.

Twelve organizations raised more than \$2,000,000 for France specifically, while \$504,000 was raised for England; \$12,000 for Russia, and \$31,000 for Serbia. This, with the Belgian total, makes a grand total for the entire allies of \$13,000,000, not including some \$3,000,000 of American Red Cross funds which were very largely used in allied countries. The German Red Cross received \$2,750,000 from this country, with three German-American relief bodies bringing the entire central powers contributions to \$3,750,000.

Contributions for dependent nationalities effected by the war's ravages total over \$9,000,000. By far the largest single fund of this sort is the American Jewish Relief fund which should be added almost \$200,000 from the central committee for the relief of Jews and \$322,000 from the people's relief committee for the Jewish war sufferers.

The Poles have received \$472,000, and the Syrians and Armenians \$430,000. The American Red Cross has received from all sources \$2,231,000, including \$651,000 from this New York state board.

THREE MORE BANKS CLOSED IN CHICAGO

[Republican A. P. Leased Wire] CHICAGO, Sept. 20.—Three additional private banks closed today as a result of the alarm of depositors of such institutions following several failures. The banks were operated by W. H. Paisley and his sons, Oliver F. James T. and W. W. Paisley.

Deposits of the three north side institutions aggregate \$290,000 and in the petition for a receiver the proprietors say the banks will pay every dollar of indebtedness. The receiver appointed by the superior court announced after partial examination that he believed the banks were solvent. Runs instituted by depositors of the three banks led the proprietors to apply for a receiver.

Nothing developed during the hearing that Federal Judge K. M. Landis held today with representatives of four large downtown bankers concerning their connections with the private banks. The hearing will be continued tomorrow.

MORATORIUM EXTENDED
[Republican A. P. Leased Wire] PARIS, Sept. 20.—The official journal, in publishing today the decree extending for three months the moratorium in France extending the reason for the decree. It is stated that of 4,480,000 francs of paper money benefited by the moratorium since the beginning of the war and the giving by the Bank of France more than 3,000,000,000 francs has been paid voluntarily as the result of the economic revision.

LAST WAR OF WORLD NOW ON SAYS MR. BAKER

[Republican A. P. Leased Wire] ST. LOUIS, Sept. 20.—Secretary of War Baker, addressing an association of underwriters here tonight, predicted that the last world's war was being fought, and that in the future real war would be fought on the lines of nations. "And when this war is ended," he continued, "let us form a league of all nations which will make it impossible for any nation again to disturb the peace of the world. Then the best insurance policy the world ever has known will have been taken out."

The secretary filled an engagement on account of the death of his sister. "Real war," Baker said, "is not fought on the lines of nations, but on the lines of individuals. It is a social condition faced by America."

Japan, Russia and America will be the spokesmen in the world's affairs for the next 30 years," Mr. Baker said, "and America must be alert and active if she expects to retain the place which is rightly hers."

THROW ATTACK AFTER ATTACK ON THE FRENCH LINES

(Continued from Page One)

en back by the Bulgarians, which occurred four villages. 20.—Secretary of War Baker, addressing an association of underwriters here tonight, predicted that the last world's war was being fought, and that in the future real war would be fought on the lines of nations.

SUSPECT A SHOT

[Republican A. P. Leased Wire] DEMING, N. M., Sept. 20.—A Mexican laborer named Pedro Gonzalez had his hip shattered by a bullet near Deming this afternoon when he failed to halt at the command of Policeman C. R. Turnbull, who was out searching for the missing member of the Mexican band of tramps that murdered Brakeman Stevenson three nights ago.

LAST MINUTE LEGISLATION UNPRACTICABLE

(Continued from Page One)

saying the space had already been entirely based.

At the allied embassies it is pointed out that the retaliatory laws provide that the president "may demand the detention of such vessels by withholding clearance or by formal notice forbidding departure." Allied legal experts declare this penalty is illegal, as under all American commercial treaties ships that have been admitted to American harbors must be permitted to leave.

The state department is understood to hold that the president may invoke just as much or just as little of authority vested in him as he deems best.

No definite course probably will be decided on by the state department until receipt of the mail seizure notes, promised this week, and of the forthcoming blacklist note. Officials have been gratified by a more considerate attitude of England's part lately.

TO REESTABLISH TEMPORAL POWER

[Republican A. P. Leased Wire] LONDON, Sept. 20.—A movement in favor of re-establishment of the Temporal power of the pope is reported by the Amsterdam correspondent of the Exchange Telegraph Company to have been inaugurated by Roman Catholic newspapers of Germany, with the idea of drawing the vatican wholly away from the Italian influence. The Cologne Volkszeitung, a prominent Catholic newspaper, is quoted as saying Germany gives a free and to German Catholics, and as denouncing the law of non-interference adopted by the Italian government in 1870 at the time of the ending of the temporal sovereignty of the pope.

All German and Austrian Catholics papers are following this lead, the dispatch says. It adds that the government is believed to have been inaugurated by Cardinal Harnack, archbishop of Cologne, with the idea of gaining representations for the vatican at the peace conference after the war.

EXPORTERS WANT TO SAVE TRADE

[Republican A. P. Leased Wire] NEW YORK, Sept. 20.—The American Manufacturers' Export Association composed of more than 500 of the leading manufacturing exporters in the country, made public here today a letter to Secretary of State Lansing urging the government to take steps to "meet the conditions arising from the fresh demands of Japan upon China."

"The history of Japanese activities in Manchuria," the letter says, "is the history of the almost complete loss of the country, made public here today a letter to Secretary of State Lansing urging the government to take steps to 'meet the conditions arising from the fresh demands of Japan upon China.'"

"The history of Japanese activities in Manchuria," the letter says, "is the history of the almost complete loss of the country, made public here today a letter to Secretary of State Lansing urging the government to take steps to 'meet the conditions arising from the fresh demands of Japan upon China.'"

The association points out that the government in March, 1915, withdrew its support from American bankers negotiating with others a loan to China, on the ground of the impairment of Chinese sovereignty. The report adds:

"The present situation, threatening the right of China to independent action justifies, in our opinion, measures at least equally as effective as those referred to above."

DEATHS WERE "ACCIDENTAL"
[Republican A. P. Leased Wire] QUEBEC, Sept. 20.—A verdict of accidental death was returned by the coroner's jury here today at the inquest into the loss of 13 lives in the collapse of the central span of the Quebec bridge on September 11. The question of the responsibility and of the reliability of construction methods were not considered.

Good English for Every One

Easily attained in your own home, at your own convenience

A knowledge of the exact meaning of terms, the ability to express thoughts in clear sentences, a wide familiarity with business forms and methods of correspondence, an acquaintance with the general features of other lines of business, such as insurance, transportation and banking, are absolutely essential to advancement. Our course is prepared in the belief that only what interests really instructs. It contains no difficult definitions to be memorized; and all the examples and exercises are taken from the actual business world of today. Call or address, local office

shown especially in a long explanation given by Trade Adviser Marion Letcher recently by Sir Richard Crawford and by the latter's plan to meet New York business men this week to discuss action inconveniences.

JERRY VS. JERRY RATHER A MIX UP

Jerry Sullivan arrested Jerry Sullivan last night. In order that the above sentence may not be confusing it is best to explain that Jerry Sullivan, policeman on the Phoenix force, and Jeremiah Michael Sullivan, of Glendale, formerly of Phoenix, came into close contact last night, through the inebriated efforts of Jeremiah M. to conduct a political meeting in front of Cass Bros. Chop House.

The local Jerry, in the course of his rounds last evening, elbowed into a crowd in front of the Chop House, the center of which was the Glendale Jerry. He discovered that the impromptu meeting was only incidental to a well developed and ingrained "souse." Yes, Jeremiah from Glendale was loaded, not for beer, but for politics.

Policeman Jerry attempted to make the arrest, but amid the cries "Hurrah for Jerry" and "Don't pinch him, Jerry," a confusion arose over which Jerry was the arrestor and which the arrestee. It was not definitely straightened out until the twain reached the police station, when Capt. Griggs Carr, applied methods originated by one S. Holmes, and without the aid of a needle, locked the right one up.

The Jerry from foreign ports was booked as "drunk and disorderly."

AMERICANS NOT THRIFTY

[Republican A. P. Leased Wire] ST. LOUIS, Sept. 20.—The American people rank last in thriftiness, according to J. Lionberger Davis, vice president of the St. Louis Union Trust company, who addressed the convention of the National Association of Life Underwriters here today. "It is significant," he said, "that in the United States where wages are notoriously high, only 29 people out of each 1,000 have savings accounts, whereas in Australia there are 590; in England, 292; in Germany, 317; in France, 315; in Belgium, 357; and in Switzerland, 554. It is also significant that in Germany, France, England and Japan, the number of depositors are greater than in the United States."

THE PULLMAN COMPANY

Safety is an important element in the service afforded by the Pullman Company, and includes not only the safeguarding against loss of life, or injury through railway disaster, but the protection of health against contagious diseases.

All cars used by the Pullman Company are built in its own shops and represent the experience of fifty consecutive years of car construction.

Built of the most enduring materials, designed to resist the most violent shocks and to withstand every conceivable strain, the Pullman car affords the traveling public the greatest assurance of safety.

Not only is the Pullman car designed for strength, but no effort or expense is spared to make each car as completely sanitary as possible.

Smooth painted surfaces, sanitary floors, the avoidance of heavy hangings and superfluous upholstery, scientific ventilation and adequate screening eliminate as far as possible the dust and dirt of railway travel.

Systematic mechanical cleaning combined with frequent thorough chemical fumigation, maintain each car in a constant state of cleanliness and sanitation.
